INTRODUCTION

Resilience Charter School is a tuition-free public charter school serving grades 6, 7, and 8 in the 2021-22 school year.

Resilience welcomes students without regard to race, color, national origin, ancestry, sex, gender identity, sexual orientation, ethnicity, age, language barrier, religious beliefs, economic or social conditions, or actual or potential marital or parental status, or status as a homeless child. No student shall, on the basis of sex or any other legally protected status, be denied equal access to programs, activities, services, or benefits or be limited in the exercise of any right, privilege, advantage, or denied equal access to educational and extracurricular programs and activities.

This School Code of Conduct is applied in addition to the Student Code of Conduct for the School District of Alachua County, which is incorporated into this Code by reference. To the extent there is any conflict between this code and the Alachua County School District's code of conduct, the provisions of the Resilience Charter School Code of Conduct will prevail.

This Family and Student Handbook incorporates the entirety of the Resilience Charter School Reopening & Innovative Learning Plan—Fall 2020 (available to view digitally at <https://docs.google.com/document/d/1FmtZMUAn2L2OrJSsNniHJpZXZiTmpST2/edit>, on the school website, or by request for paper copy via the front office). To the extent that any language in this Handbook conflicts with the Reopening & Innovative Learning Plan, the Reopening & Innovative Learning Plan shall take precedence. All policies, activities, and procedures described below will be conducted in compliance with the health & safety protocols and accommodations for distance learning described in the Reopening & Innovative Learning Plan, until such time as Florida Department of Education no longer allows such provisions or the Plan is no longer needed.

MISSION STATEMENT

To cultivate a dynamic learning community based on innovation, social justice, and environmental stewardship. The Resilience Charter School engages students through authentic relationships and project-based learning, empowering them to think critically, persevere with grit, design creative solutions, and act with mindfulness and compassion.

VISION

Resiliency is an inherent human trait that empowers us with the capacity to overcome challenges, gain new insights, and build skills. Supportive relationships cultivate deep resilience, and this is why we emphasize building authentic relationships with our students. Inspired by the global mythology of the rising phoenix, we support one another in rising strong. Resilience Charter School creates a supportive yet challenging learning environment which inspires academic excellence and active citizenship, developing a hub of empowerment for Alachua County youth. Students apply their burgeoning knowledge and skills to proactively contribute to the enrichment of the world, thereby becoming lifelong learners. Resilience Charter School aims to propagate a model of excellence.

CORE ELEMENTS

Seven core program elements drive our school's challenging learning environment:

- 1) **Interdisciplinary Project-Based Learning:** A dynamic approach to teaching and learning that allows students to actively and authentically explore complex real-world problems, while integrating the core content areas into the development of student-driven research and solutions.
- 2) **Blended Learning and Immersive Technologies:** Integration of cutting-edge technologies that will best prepare students to achieve success in the 21st century workplace.
- 3) **Participatory Action Research:** Collaborations and partnerships between the people most affected by important issues and students to conduct research and analysis together and devise strategies to resolve the issues.
- 4) **Democratic Process:** A learning community that values participation, equality, justice, mutual respect, and trust.
- 5) **Mentorship and Apprenticeship:** Student participation in communities of practice in which experts in a specific field of interest guide them to gain deeper understanding and skills.
- 6) **Mindfulness Education:** Creative introspection and reflection that harnesses the energy and power of non-judgmental awareness and focused attention.
- 7) **Multicultural and Global Education:** Cultural competence that embraces diversity, ecological stewardship, and preparation for professionalism in an increasingly global economy.

CODE OF CONDUCT

SCHOOL CULTURE

It is the firm conviction of Resilience Charter School (RCS) that harmonious school environments promote equal educational opportunity and a safe and effective place to learn. Resilience Charter School recognizes that a strong school community requires a climate of safety, respect, and collaboration. The school strives to develop and to implement programs and approaches to learning and discipline that will:

- ensure parental confidence in the ability of Resilience Charter School to provide a safe and orderly climate.
- help administrators, teachers, and other staff provide effective teaching and learning environments, and
- assure students that they can learn in a non-disruptive atmosphere and be treated in an equitable, consistent, and nondiscriminatory manner.

Every classroom should provide a learning environment that encourages academic excellence, free exchange of ideas, and maximum personal growth. It is understood that on entering the building or classroom, students do not divest themselves of their basic rights, e.g., the rights to due process, freedom of expression, orderly assembly, privacy of person, freedom from discrimination, and so forth as set forth in Florida and Federal law. However, students have the responsibility not to disrupt the educational process or impose upon, endanger, or deprive others of their rights to an education.

EXPECTED BEHAVIOR

Resilience Charter School expects students to conduct themselves as appropriate for their levels of development, maturity, and demonstrated capabilities with a proper regard for the rights and welfare of other students and school staff, the educational purpose underlying all school activities, and the care of school facilities and equipment.

Resilience Charter School believes that standards for student behavior must be set cooperatively through interaction among the students, parents/legal guardians, staff, and community members producing an atmosphere that encourages students to grow in self-discipline, accept responsibility for actions and outcomes, and develop skills for conflict resolution. The development of this atmosphere requires respect for self and others, as well as for school and community property on the part of students, staff, and community members. Since students learn by example, school administration, faculty, staff, and volunteers will demonstrate appropriate behavior, treat others with civility and respect, and refuse to tolerate harassment or bullying. Bullying of any Resilience Charter School student or employee is strictly prohibited, including bullying through the use of any electronic device, computer system, online platform, social media network, or other similar means.

Resilience Charter School emphasizes these expectations by utilizing a Positive Behavioral Interventions and Supports program (PBIS), which is a proactive approach to establishing the behavioral supports and social culture needed for all students in a school to achieve social, emotional and academic success.

Attention is focused on creating and sustaining primary (school-wide), secondary (classroom), and tertiary (individual) systems of support that improve academic and lifestyle results (personal, health, social, family, work, recreation) for all youth by making targeted misbehavior less effective, efficient, and relevant, and desired behavior more functional. Classroom PBIS strategies are important tools to decrease disruptions, increase instructional time, and improve student social behavior and academic outcomes, and to reduce time spent out of class. Students will be recognized for positive behavior with PBIS awards, an incentive system, and consistent praise and modeling by staff.

Core practices of Resilience's school culture include:

- ***Conduct expectations are taught at the beginning of a school year.*** Students learn early that their conduct in school creates the essence of the community at Resilience and the foundation for their conduct after they leave school. They are taught expectations, hear examples and observe the modeling from adults. Consequences occur naturally and with explicit lessons.
- ***Students learn that there is zero tolerance for bullying.*** Instead, there are opportunities for them to learn how to demonstrate kindness to others, creating a sense of security and an inclusive environment.
- ***Respect and responsibility are taught.*** Respect for property, people, and the quality of their work is emphasized in school.

- **Students know they will be recognized for their successes**, not only in what they know and can do academically, but also in their effort and attitude.

It is the policy of Resilience Charter School to attempt to resolve disciplinary problems by every means short of exclusion from school. Procedures will be followed to assure students of their rights. According to established rules, regulations, and procedures, students may file a grievance or make an appeal in response to any instance in which they believe they have been unfairly treated. To maintain an atmosphere conducive to learning and safety, school leadership will maintain certain boundaries for behavior as described herein.

All members of the Resilience Charter School Community are expected to demonstrate mutual respect for the rights of others. Students are expected to be respectful and kind to fellow students, staff and visitors at all times, exhibit valuable work skills, and use appropriate language. Students are expected to follow school rules and policies throughout the school day, at all times on the Resilience Charter School campus and while involved in any event associated with the school. School rules and policies apply to transportation to and from events as well.

School behavioral policies will be implemented within the framework of Federal and Florida state laws, Florida Education Code, local ordinances, Board policy, and the goals of Resilience Charter School.

COMMON PRACTICES TO REDIRECT BEHAVIOR

We expect that there will be students who test the boundaries of these principles and who defy the rules and norms set forth. We believe that these opportunities allow for “teachable moments” for students. We aim not to judge the student, but rather to modify the behavior they are exhibiting. In all of our classrooms, we expect to see the following behavior modification techniques, among others:

- Adults will name the behavior that does not fit within the community’s norms
- Adults will address behavior concerns respectfully with students
- Adults and students will work to identify unmet needs that may be contributing to the behavior
- Adults and students will collaboratively decide on a way to correct the behavior
- Adults will give students time to correct their behavior
- Students will have time, when necessary, to reflect independently upon their behavior.
- Adults will give students one-on-one attention, to support them in the classroom

Should a student’s behavior reach one of the following points, the student may be sent to the office for behavior modification.

- When the student’s actions cause great danger to the physical and/or emotional well-being of themselves or other students.
- When multiple attempts at behavior modification have been made, without result.
- When the actions of the student are inhibiting the ongoing learning of the other students.

CELL PHONES

Students’ personal cell-phones are required to be out of sight, not visible at all, and turned off during school times, including advisory, whole-school assemblies, prior to the early bell, during lunch, during afternoon break time, and during after-school activities. **ALL communication between the school and parents will be done through the school office phones.** Students are encouraged to use the front office phone to call or text their parents if they are ill, requesting early pick-up, or having any other school-related concerns, so RCS staff may stay informed about the student’s wellbeing. Families are **STRONGLY** encouraged to call the front office if they are contacted by their student directly during the school day about illness or other school concerns. An open exchange of information between students, families, and the school will help RCS staff serve the students best. If a student needs to be picked up early, the front desk will notify the parent.

When students violate this policy by having their phones out during school time, their phone will be taken from them and put in a safe place in the Associate Director’s office. The confiscated cell phone will not be given back to the student. A parent must come in to take possession.

WEAPONS POLICY

Definition: Possession of any instrument or object (as defined by Section 790.001(13), Florida Statutes), that can inflict

serious harm on another person or that can place a person in reasonable fear of serious harm. Some offenses in this category fall under the zero tolerance policy of Florida Statutes (Section 1006.13(3)(a), which dictates that there are certain circumstances in which bringing a firearm or weapon to school or school functions, or making a threat or false report, as defined by ss. 790.162 and 790.163, respectively, must result in expulsion for a period of not less than one (1) full year. These situations may be considered on a case-by-case basis and are ultimately at the discretion of the district school board.

Examples

- Student or other possessing a firearm or knife.
- Student or other using a knife, pocketknife, or other sharp or pointed instrument to harm another.

Non-Examples

- Student, after investigation, found to possess a common pocketknife or eating utensil with no intent to harm.
- Student possessing items not covered under law or district policy such as pointed instruments, pens, or pencils.
- Student possessing a cutting tool used in art, shop, or other class.

Absolutely no weapons of any sort or anything that resembles a weapon are allowed on Resilience Charter School property or at school sponsored activities at any time under any circumstances. No student shall use or threaten to use an article designed for other purposes to inflict bodily harm and/or intimidate other students or staff.

Consequences: The school takes a position of addressing each case individually regarding the possession, use/threaten to use, or distribution of weapons by students. Parents/guardians will be notified upon discovery of a student possessing, threatening to use, or distributing a weapon, and the weapon will be confiscated. The consequences for student's possession, use/threaten to use or distribution of weapons may include (upon discretion of Administrator):

- Notification of Police
- Suspension
- Dismissal from Resilience Charter School
- Recommendation for expulsion referred to the Alachua County School Board

Application to Instructional Equipment/Tools: While the school wishes to address each case individually, it takes a firm position on the possession, threat to use, use, or distribution of weapons by students. Such a position is not meant to interfere with instruction or the use of appropriate equipment and tools by students, such as scissors, blades for art class, or hand/power tools. Such equipment and tools, when properly possessed, used and stored, shall not be considered in violation. However, when authorized instructional and work equipment and tools are used in a potentially dangerous or threatening manner, such possession and use will be treated as the possession and use of a weapon.

Administrative Discretion: The Director may use discretion in determining whether, under the circumstances, a course of action other than the minimum consequences specified above is warranted. If so, other appropriate action may be taken, including consideration of a recommendation for lesser discipline.

FIGHTING

A fight is described as follows: Pushing, shoving, kicking, pulling or physically connecting in an aggressive manner with another student. Parents will be notified of any fight.

Administrative Discretion:

Depending upon the nature and severity of the fight at issue as well as the prior disciplinary history of the student in question, the administration may use discretion in determining whether, under the circumstances, a course of action other than the minimum consequences specified below is warranted. If so, other appropriate action may be taken, including consideration of a recommendation for greater or lesser discipline.

The consequences for a fight are as follows:

1st Fight:

- Parents will be notified by phone and must come pick up student immediately.
- Automatic suspension for at least one day (or until such time as a Restorative Justice Circle can be arranged).
- Restorative Justice Circle meets and fight may be expunged from records (unless the nature of the fight requires

SESIR reporting to the state).

- No-violence contract signed by both students and parents.

2nd Fight:

- Parents will be notified by phone and must come pick up student immediately.
- Automatic suspension for up to 3 days
- Restorative Justice Circle meets (offense kept on record)

3rd Fight:

- Parents will be notified by phone and must come pick up student immediately.
- Administration will review and take appropriate disciplinary action - student may be dismissed from Resilience.

INAPPROPRIATE LANGUAGE

Students will refrain from swearing or using foul language at all times. Students will speak kindly and respectfully to staff, visitors, and fellow students. Students swearing or using language or tone inappropriate for school will receive the following consequences:

- 1st time: A conversation with an adult explaining why their language use is offensive and inappropriate on the school campus, stating the consequences if the language use continues.
- 2nd time: Call home to parents. Students will discuss, on the phone with their parents, the inappropriateness of their actions.
- 3rd time: Students will be sent home immediately. Repeated incidents may require a Restorative Justice Circle.

ACADEMIC INTEGRITY/PLAGIARISM, CHEATING

Resilience Charter School considers cheating or academic dishonesty to be a serious violation of school rules and has adopted procedures (below) to deal with students who have committed any of the following:

- Receive or provide information during a test.
- Receive or provide information on tests during an earlier period.
- Use unauthorized material on tests.
- Use ideas or written material from other sources, i.e., students, professional writers, Internet notes, study guides without acknowledging the source in their own writing.
- Use or copy another student's homework when not authorized by the teacher to do so.
- Allow other students to use their work on assignments.

First Offense – Student is given a zero on the compromised work. There is a conversation with the student explaining why the act was unacceptable, and parents will be notified.

Second Offense – Student will receive a zero and will be referred to administration for further disciplinary action including the possibility of suspension or dismissal.

RESTORATIVE JUSTICE PRACTICE

Resilience Charter School will implement restorative justice practices whenever possible to address behavior concerns and grievances. The philosophy behind a restorative justice practice is to allow the student to reflect on their behavior, in a non-punitive manner, and to be an integral part of the problem-solving that is needed in order to make sure that the behavior is not repeated. We believe that community is created and fostered continually through our words and actions and that students have a great responsibility in community restoration when harm is done. We use Restorative Justice (RJ) as a tool to help nurture our community. RJ is sometimes exercised using a circle of participants, including the affected parties, to support each other in understanding the impact the behavior had on the affected people and the school community and how to prevent the conflict from recurring. Once the RJ process occurs, the hope is that the students can be restored to their greatest selves as they grow from their mistakes and use tools gained from the process to make more informed decisions in the future. The quote below speaks to its nature:

“Restorative justice promotes values and principles that use inclusive, collaborative approaches for being in community. These approaches validate the experiences and needs of everyone within the community, particularly those who have been marginalized, oppressed or harmed. These approaches allow us to act and respond in ways

that are healing rather than alienating or coercive.” (Amstutz, Mullet 2005)

Goals of Restorative Justice (RJ) at Resilience Charter:

- Build community through communication and equity development
- Facilitate dialogue among all affected parties in a situation of harm, including students, family members, and staff
- Understand the harm that was caused
- Encourage empathy for the Receiver (harmed) and the Contributor (harmer)
- Support a culture of accountability and responsibility using reflection and a collaborative plan to address the harm done
- Listen to needs of all involved and create supportive communication
- Generate a collaborative accountability statement to ensure that everyone involved understands their role in the continued development of the contributor.

Common RJ phrases and practices:

- Harm - hurt caused to a person or to the community
- Receiver - person who received the harm
- Contributor - person who did the harm
- Circle Keeper - person who facilitates a restorative justice circle
- Circles - The purpose of restorative justice circles are to address current events or issues happening in our community.

Resilience aims to use Restorative Justice whenever it is called for. The informal process may involve the receiver, the contributor, immediate others that may have witnessed the harm, and an adult to facilitate the process. The formal process does require that a family member or adult support person be present for each student involved, and RCS staff will schedule the circle to accommodate all parties’ availability.

POLICY AGAINST BULLYING AND HARASSMENT

It is the policy of Resilience Charter School that all of its students, employees, and volunteers learn and work in an environment that is safe, secure, and free from harassment and bullying of any kind. Resilience Charter School will not tolerate bullying or harassment of any type. Conduct that constitutes bullying or harassment, as defined herein, is prohibited.

Bullying means intentionally and repetitively inflicting physical hurt or psychological distress on one or more students or employees and may involve but is not limited to:

- Teasing
- Social Exclusion
- Threat
- Intimidation
- Stalking, including cyberstalking as defined herein
- Physical violence
- Repeated non-consensual physical touch
- Theft
- Sexual, religious, racial, or gender orientation harassment
- Public humiliation
- Destruction of property

Harassment means any threatening, insulting, or dehumanizing gesture, use of data or computer software, or written, verbal or physical conduct directed against a student or employee that:

- Places a student or employee in reasonable fear of harm to his or her person or damage to his or her property.
- Has the effect of substantially interfering with a student’s educational performance, opportunities, or benefits.
- Has the effect of substantially disrupting the orderly operation of a school.

Bullying and harassment also encompasses:

- Retaliation against a student or employee by another student or employee for asserting or alleging an act of bullying or harassment. Reporting an act of bullying or harassment that is not made in good faith is considered retaliation.
- Perpetuation of conduct listed in the definition of bullying or harassment by an individual or group with intent to demean, dehumanize, embarrass, or cause emotional or physical harm to a student or school employee by:
 - Incitement or coercion
 - Accessing or knowingly and willingly causing or providing access to data or computer software through a computer, computer system, or computer network within the scope of the school

See s. 784.048(1)(d), F.S.

Reporting an act of bullying or harassment

The Associate Director is responsible for receiving complaints alleging violations of this policy. If a staff member or student receives information from another staff member or a student regarding alleged violations of this policy, such staff member or student must immediately report such allegation to the Associate Director. The victim of bullying, anyone who witnessed the bullying, and anyone who has credible information that an act of bullying has taken place may report the bullying.

An employee, school volunteer, student, parent/legal guardian, or other persons who promptly reports in good faith an act of bullying or harassment to the appropriate official and who makes this report in compliance with the procedures set forth in the school policy is immune from a cause of action for damages arising out of the reporting itself or any failure to remedy the reported incident. Submission of a good faith complaint or report of bullying or harassment will not affect the complainant or reporter's future employment, grades, learning or working environment, or work assignments. Written and oral reports shall be considered official reports. Reports may be made anonymously but formal disciplinary action may not be based solely on the basis of an anonymous report.

Prompt investigation of a report of bullying or harassment

The Procedures for Investigating Bullying and/or Harassment include:

1. The Director will assign a staff member to conduct the investigation. The investigator must not be the accused perpetrator (harasser or bully) or victim.
 - a. Each individual (victim, alleged perpetrator, and witnesses) will be interviewed separately.
 - b. The investigator shall collect and evaluate the facts including, but not limited to:
 - i. Description of incident including nature of the behavior; context in which the alleged incident occurred, etc.;
 - ii. How often the conduct occurred;
 - iii. Whether there were past incidents or past continuing patterns of behavior;
 - iv. The relationship between the parties involved;
 - v. The characteristics of parties involved (i.e., grade, age, etc.);
 - vi. The identity of the perpetrator, including whether the perpetrator was in a position of power over the student allegedly subjected to bullying or harassment;
 - vii. The number of alleged bullies/harassers;
 - viii. The age(s) of the alleged bullies/harassers;
 - ix. Where the bullying and/or harassment occurred; and
 - x. Whether the conduct adversely affected the student's education or educational environment.
2. Whether a particular action or incident constitutes a violation of this policy requires a determination based on all the facts and surrounding circumstances and includes:
 - a. Recommended remedial steps necessary to stop the bullying and/or harassing behavior.
 - b. A written final report to the Director.
 - c. Where the victim is a student, according to the severity of the infraction, the Director (or designee) shall promptly notify the parent/legal guardian of the victim via telephone or personal conference of any actions

being taken to protect the victim. The frequency of notification will depend on the severity of the bullying incident. The maximum of 10 school days shall be the limit for the initial filing of incidents and completion of the investigative procedural steps.

Determination of consequences and due processes for a perpetrator:

Concluding whether a particular action or incident constitutes a violation of this policy requires a determination based on all of the facts and surrounding circumstances, followed by the determination of disciplinary sanctions appropriate to the perpetrator's position within the school.

- 1) Consequences and appropriate interventions for students who commit acts of bullying may range from positive behavioral interventions up to, but not limited to suspension, or reassignment as outlined in the Resilience Charter School's policies and school district's Code of Conduct.
- 2) Consequences and appropriate interventions for an employee found to have committed an act of bullying will be instituted in accordance with school policy and will be reported to the Florida Educational Practices Commission and as otherwise required by law. Additionally, egregious acts of bullying by certified educators may result in a sanction against an educator's state issued certificate.
- 3) Consequences and appropriate intervention for a visitor or volunteer, found to have committed an act of bullying shall be determined by the school administrator after consideration of the nature and circumstances of the act, including reports to appropriate law enforcement officials.
- 4) These same actions will apply to persons, whether they are students, school employees, or visitors/volunteers/independent contractors, who are found to have made wrongful and intentional accusations of another as a means of bullying.
- 5) If a complaint of bullying or harassment is made by the alleged victim during or after the commencement of an investigation into employee or student misconduct, it shall not be a defense to the allegations of employee or student misconduct but may be considered as a mitigating factor under school policy, if appropriate.

Providing immediate notification to the parents/legal guardians of a student victim:

The Director, or designee, shall by telephone and in writing, report the occurrence of any incident of bullying as defined by this policy to the parent or legal guardian of all students involved on the same day an investigation determines that an act of bullying has occurred. Notification must be consistent with the student privacy rights under the applicable provisions of the Family Educational Rights and Privacy Act of 1974 (FERPA).

Parents/Guardians should note the Hope Scholarship requirements found in Section 1002.40(6), Florida Statutes: "Upon receipt of a report of an incident, the school principal, or his or her designee, shall provide a copy of the report to the parent and investigate the incident to determine if the incident must be reported as required by s. 1006.09(6). Within 24 hours after receipt of the report, the principal or his or her designee shall provide a copy of the report to the parent of the alleged offender and to the superintendent. Upon conclusion of the investigation or within 15 days after the incident was reported, whichever occurs first, the school district shall notify the parent of the program and offer the parent an opportunity to enroll his or her student in another public school that has capacity or to request and receive a scholarship to attend an eligible private school, subject to available funding. A parent who chooses to enroll his or her student in a public school located outside the district in which the student resides pursuant to s. 1002.31 shall be eligible for a scholarship to transport the student as provided in paragraph (11)(b)."

If the bullying incident results in the perpetrator being charged with a crime, the Director, or designee, shall by telephone or in writing by first class mail, inform parents/legal guardian of the victim(s) involved in the bullying incident about the Unsafe School Choice Option (No Child Left Behind, Title IX, Part E, Subpart 2, Section 9532) which states "A student attending a persistently dangerous public elementary school or secondary school, as determined by the State in consultation with a representative sample of local educational agencies, or a student who becomes a victim of a violent criminal offense, as determined by State law, while in or on the grounds of a public elementary school or secondary school that the student attends, be allowed to attend a safe public elementary school or secondary school within the local educational agency, including a public charter school."

Once the investigation has been completed, appropriate local law enforcement agencies will be notified by telephone and/or in writing to determine whether to pursue criminal charges.

Referral of victims and perpetrators of bullying or harassment for counseling

After an investigation has determined that an act of bullying has occurred, as defined herein, the school shall discuss with both the victim and perpetrator's parents/legal guardians options available for counseling. This may include referrals to community agencies or partner agencies the school has relationships with.

The Director (or designee) shall also, where appropriate, engage the perpetrator and victim in a restorative justice practice in an attempt to develop strategies to be used within school to prevent the bullying behavior from continuing.

Providing instruction regarding bullying and/or harassment

Resilience Charter School seeks to ensure that the school sustains a healthy, positive, and safe learning environment for all students. This requires the efforts of everyone in the school environment including all school staff, parents/legal guardians, students and school volunteers.

Students, parents/legal guardians, all school staff and, and school volunteers shall be offered instruction at a minimum on an annual basis on the school's policy and regulations against bullying and harassment. The instruction shall include evidence-based methods of preventing bullying and harassment, as well as how to effectively identify and respond to bullying in schools.

Regular reporting of actions taken to protect the victim

According to the level of infraction, parents/legal guardians will be notified by telephone and/or writing of actions being taken to protect the child; the frequency of notification will depend on the seriousness of the bullying or harassment incident. Notification must be consistent with the student privacy rights under the applicable provisions of the Family Educational Rights and Privacy Act of 1974 (FERPA).

Publication of the policy

At the beginning of each school year, the Director shall, in writing, inform school staff, parents/legal guardians, or other persons responsible for the welfare of a student of this policy. The Director shall also make all contractors working with students aware of this policy.

The Director shall ensure the development of an annual process for discussing the policy on bullying and harassment with students in a student assembly or other reasonable format.

SEARCH POLICY

Students may be subject to search of person or property if a reasonable suspicion exists that the student may have violated the Student Code of Conduct or state or federal law. Be advised that, upon reasonable suspicion, student lockers and other storage areas (including, but not limited to, book bags, pocketbooks, notebooks, pockets, personal electronic devices, etc.) may be searched. Additionally, school personnel are permitted to conduct administrative random searches for weapons and other contraband absent reasonable suspicion.

DISCIPLINARY CONSEQUENCES

The purpose of disciplinary action at Resilience Charter School is to ensure that individual students, their parents/guardians, and the RCS community stay focused on growth and learning. Prompt resolution of the problem or issues is expected. Students should understand that their behavior and potential removal from class may impact their academic performance. Students with disabilities and students who are suspected of having a disability within the meaning of the Individuals with Disabilities Education Act will be disciplined in accordance with their Individual Education Plans and as otherwise provided in Florida and Federal law.

Responses to behavior concerns may include one, a combination of, and/or all of the following depending on the circumstances:

- Redirecting behavior
- Verbal and/or written warning to the student
- Parent/guardian notification
- Loss of privileges
- Identifying the student's unmet needs
- A written commitment by the student to improve their behavior and/or performance (Action Plan)
- A meeting with administrator or faculty member

- Reflective Day consequences (during lunch, break, before and/or after school)
- Restorative Justice Circles (led by peers, faculty or administrators)
- Suspension
- Dismissal
- Denial of Automatic Re-enrollment
- Recommendation for expulsion referred to the Alachua County School Board

Not Meeting Behavior Expectations:

For Tier 1 infractions (excessive talking in class, arguing with staff, repeated classroom disruptions, more than 3 class tardies, etc.) students will be assigned a Reflective Day (RD). Parents will receive email notification of the first offense, and phone calls for each subsequent offense.

PER SEMESTER

- **1st - 3rd offenses: Student serves Reflective Day during lunch and afternoon break.** Students will eat lunch quietly in a classroom supervised by a staff member. Along with a reflective conversation led by the supervising staff member, student will fill out a Reflective Sheet discussing their behavior, how they could make a more productive choice next time, and writing an apology letter to the staff member who assigned the RD. ATTENDANCE

The project-based nature of the Resilience Charter School program makes daily attendance extremely important. Significant absences, repeated unexcused absences or tardiness can significantly affect a student's success. Doctor's appointments and other activities should be scheduled during non-school hours whenever possible. Resilience Charter School requests that families schedule vacations or special programs so as not to conflict with school. In particular, the final two weeks of any semester are critical; as they culminate in the students' final exams, presentations, performances, and exhibits upon which faculty base their assessments. In the event of a necessary absence, please call the school's main office to advise the staff that your child will be absent.

Attendance Procedures:

- 1) Attendance is taken at the beginning of every class and the data recorded by the teacher into the school's records database (Skyward).
- 2) Student absences may be verified by a call or email home.
- 3) It is the responsibility of each student's parent/guardian to justify the student's absence to the school. The absence will remain UNEXCUSED if there is no documentation within 48 hours of the student's return to school.
- 4) Upon the student's return to school, parents/guardians must justify each absence of their student via written or emailed parent note (to info@resiliencecharter.org) or other documentation as described below. Parent communications must include student name, grade, date of absence, reason for absence, parent's name, (and signature) and daytime phone number for verification.
- 5) Absences will be evaluated as excused, based on the following criteria:
 - a. Sickness, injury, death in a family, or other insurmountable/explainable condition.

- b. Six (6) absences per semester may be documented solely by parent note. After six (6) such absences documentation by a physician, health care professional, or court official is required.
 - c. Documented appointments with healthcare professionals.
 - d. Documented absence for religious instruction or religious holiday (Parents request permission for a student's absence for religious instruction or religious holiday).
 - e. Court appearances (copy of subpoena or other court document must be provided).
 - f. Pre-arranged absence approved by the Director – application submitted 3 days in advance of absence.
- 6) Absences per semester (total):
- a. At 5 unexcused absences, the parent is notified, and the student is referred to a restorative team of faculty member(s) and/or administrator(s) who meets with the student and parent/guardian to identify and develop interventions to improve attendance, putting a contract in place for accountability.
 - b. At 10 excused and/or unexcused absences, the student is referred to the restorative team to review the contract for correction of the absence issue.
 - i. Dismissal from Resilience is a potential outcome of continued unexcused absences after an attendance-related contract is implemented. Resilience is unable to help students meet learning goals if they are not attending class regularly, and we take the importance of consistent attendance very seriously.
 - c. The school may also utilize any of the options available to it pursuant to Florida law relating to truancy.

Tardiness Policy:

A tardy is defined as arriving to any instructional class period after the official start time. If a student will be late for school, a call from a parent is preferred. Students who arrive late to school, or who are returning from a mid-day appointment, must sign in at the school's front desk **along with their parent/guardian**, prior to proceeding to their classrooms. A pattern of tardiness will result in a required restorative justice practice. The restorative practice may be assigned by the teacher, or another staff member. A student's failure to complete this activity may result in further disciplinary action.

DRESS CODE POLICY

The purpose of the Resilience Charter School dress code is to foster individuality and expression while maintaining a strong learning environment. While Resilience Charter School does not have a formal dress code (i.e., uniform) the Resilience Charter School staff and administration reserves the right to approach a student about his or her dress when it is disruptive to the school's mission, vision, and/or philosophy. The dress code also applies to field trips, site visits, academic internships and other school-related activities, unless the supervising adult informs the students otherwise. The dress code applies equally to students and staff.

Although Resilience Charter School has a minimal formal dress code, it is required that students taking Capoeira dress in clothing appropriate for the class. Capoeira involves many high kicks and a vigorous workout. If your child is wearing a dress or skirt, please have them wear or bring shorts to wear underneath. Instructor Samurai warns that if a student wears skinny jeans, they will knock themselves off their feet during a high kick. Please make sure students wear clothes in which they can comfortably kick.

The following are prohibited:

- Text or images on any article of clothing that promote violence, guns or other weapons, alcohol, tobacco, drugs, or harassment or discrimination of any kind.
- Exposure of underwear.
- Clothing that does not allow the student to participate comfortably and fully in school activities (i.e., clothing should not be a hindrance to the student's learning or participation).
- Hoodies and hats may not be worn during class time or school assemblies.

If a student is unable to change clothing in violation of the dress code, the student may receive disciplinary consequences for these actions at the discretion of the Director.

HOMEWORK POLICY

Resilience honors the time that students spend with their families and maintains a “no frivolous homework” policy. Work done at home may include reading and reading journals/logs, math practice, and the possibility of finishing classwork that was not completed during class time, including independent project work. ~~(This excludes distance-learning work done at home)~~

ACADEMIC INTERVENTION POLICY

As it is the primary intention of the school to provide the necessary support for each student to grow academically and achieve substantial learning gains every year, Resilience may require tutoring or remediation assignments for students who have evidence of need for more academic support, at no cost to the family. This determination may be made upon evaluation of standardized test scores, school grades, classroom engagement & participation, or other formal and informal assessments. If a student and family are informed that tutoring or other interventions will be required in order to meet the student’s needs for remediation, but the student does not participate in the interventions required, Resilience reserves the right to recommend placement in another school. These decisions will be made as a team with the family and school administration and teachers, with Resilience administration holding the authority to make a final determination as to the student’s eligibility to continue attending the school.

PLEDGE OF ALLEGIANCE POLICY

Pursuant to Fla. Statutes 1003.44, students have the right not to participate in reciting the Pledge of Allegiance. Upon written request by a parent, a student will always be excused from reciting the pledge, including standing and placing the right hand over their heart. Students who opt out of reciting the pledge are expected to remain silent and non-disruptive out of respect for those who do wish to participate.

- It is the student’s responsibility to come to the Associate Directory at the appropriate time to take their medication, unless the student has a disability and is unable to do so.
- Non-prescription medication, such as Tylenol, Ibuprofen, cough drops and anti-itch cream, can be provided to students with parental permission. An over-the-counter medication form is required to allow the medication to be dispensed as needed.
- Emergency medication (Asthma inhalers and Epi-pens) should be in student possession as required by a physician. The “Authorization for Self-Administered Medication” form must be on file with the Associate Director to ensure proper administration of emergency medication.

SCHOOL-SPONSORED TRIPS

All school-sponsored trips taken for the purpose of participation in any educational endeavor shall be chaperoned by a member of the teaching or administrative staff. A student, who is not an active participant in the event, but has a reasonable purpose for attending may accompany the group with advance approval by the administration. Students participating in school activities where buses are used for transportation may not go or return by private means without administrator approval.

All school equipment is off limits during non-class or tutoring hours unless school staff are monitoring and

GRIEVANCE POLICY

Grievances with teachers or staff members

Thorough documentation is required as parties proceed collaboratively toward the solution of the complaint and/or concern. The complaining party must document all complaints and grievances in writing using the Complaint and Grievance

Form.

All complaints/grievances will first be investigated to determine whether action should be taken.

Grievance with Teacher/Staff - Level 1: The parent or affected party must request an appointment to discuss the specific issue with the teacher/staff member in person. The parent and teacher may also invite the student and other impacted parties to the meeting if necessary. The parent and the teacher/staff member should schedule this meeting in a timely fashion. At this meeting, the parent and teacher/staff member will fill in a Complaint and Grievance Form and should decide on a course of action and commit to this plan in writing with an intent to collaboratively remedy the situation and identify action item(s) and a timeline for accomplishing the agreed upon action item(s). The parent is responsible for putting the plan of action in writing with the assistance of the teacher, including the specific action item(s) and timeline. All parties must review, agree to, and sign the written plan. If appropriate, the plan may be reviewed periodically, and if needed, the parent and teacher/staff member can revise the plan accordingly.

Grievances of a more serious or sensitive nature may be brought directly to the attention of the administration, as described under Level 2 below.

Grievance with Teacher/Staff - Level 2:

If, after the plan of action has been completed and the parent still feels the situation has not improved satisfactorily, or, if the grievance is of a more serious or sensitive nature, then the parent may elevate the issue to the school's Director (the administration). The parent shall then schedule an appointment to discuss the issue with the administration (may include either or both Co-Directors). The teacher or staff member may also be included in this meeting; however, this is not required.

After reviewing the updated Complaint and Grievance Form, meeting with the parent, and taking other steps the administration may view as helpful, the administration may either concur with the plan of action as developed in Level 1 Grievance, or develop a new plan for resolution. If the administration concurs with the plan of action developed in the Level 1 Grievance, they must inform the parent. If the administration develops a new plan, they must document the plan, including specific action item(s) and a timeline for accomplishing the action item(s). The Director shall monitor compliance with the new plan and schedule a meeting with the parent once the Administrator believes the new plan has been fully implemented and the issue resolved.

Grievance with Teacher/Staff - Level 3:

If the parent continues to be dissatisfied with the resolution of the issue, then, and only then, the party may bring the concern or issue to the attention of the Board Chairperson.

The parent must document compliance with the procedures outlined in Level 1 and Level 2 Grievances in the Complaint and Grievance Form and present the updated Complaint and Grievance Form to the Board Chairperson. The Board Chairperson will then assign a Board member to serve as a liaison and stay in contact with the administration, the parent, and the teacher/staff member as everyone tries to reach a resolution. If the issue continues to be unresolved ten (10) school days after the updated Complaint and Grievance Form is presented to the Board Chairperson, a four-party Panel made up of two Board members and the administration will hold a hearing with all parties. The Panel will render a written recommendation to the full Board within seven (7) school days of the hearing. The Board will then hold a meeting to discuss and issue a final written decision in a timely manner, and no later than twenty (20) school days after it receives the Panel's written recommendation. The Board will consider the matter closed after issuing its final decision. The hearing of both the Panel and the Governing Board meeting must be open to the public, in accordance with Florida's Sunshine Law.

Grievances with Administration

Thorough documentation is required as parties proceed collaboratively toward the solution of the complaint and/or concern. The parent must document all complaints and grievances in writing using the Complaint and Grievance Form.

Grievance with Administration – Level 1

After attempting to resolve the issue peacefully in person, the parent must then request an appointment to discuss the specific issue with the administrator (about whom the grievance arose) and the other Co-Director. The parent, Co-Director, and administrator may also invite the student and other impacted parties to the meeting if necessary. The parent and the

administrator should schedule this meeting in a timely fashion. At this meeting, the parent, Co-Director, and administrator will fill in a Complaint and Grievance Form and should decide on a course of action and commit to this plan in writing with an intent to collaboratively remedy the situation and identify action item(s) and a timeline for accomplishing the agreed upon action item(s). The parent is responsible for putting the plan of action in writing with the assistance of the Co-Director, including the specific action item(s) and timeline. All parties must review, agree to, and sign the written plan. If appropriate, the plan may be reviewed periodically, and if needed, the parent and teacher/staff member can revise the plan accordingly.

Grievance with Administration - Level 2

If the parent continues to be dissatisfied with the resolution of the issue, then, and only then, the party may bring the concern or issue to the attention of the Board Chairperson.

The parent must document compliance with a Level 1 Grievance in the Complaint and Grievance Form and present the updated Complaint and Grievance Form to the Board Chairperson.

The Board Chairperson will then assign a Board member to serve as a liaison and stay in contact with the administrator involved and the parent as everyone tries to reach a resolution. If the issue continues to be unresolved ten (10) school days after the updated Complaint and Grievance Form is presented to the Board Chairperson, a three-party Panel made up of two Board members and the Co-Director (about whom the grievance did not arise) will hold a hearing with all parties. The Panel will render a written recommendation to the full Board within seven (7) school days of the hearing. The Board will then issue a final written decision in a timely manner, no later than twenty (20) school days after it receives the Panel's written recommendation. The Board will consider the matter closed after issuing its final decision. The hearing of the Panel and Governing Board meeting must be open to the public, in accordance with Florida's Sunshine Law.

DISPUTES WITH SCHOOL SPONSOR

Should any dispute arise between the school sponsor (School Board of Alachua County) and Resilience Charter School, concerning the school's charter, contract, or any other aspect of school operations, families will be notified via email. In-person and/or virtual meetings will be held if needed to keep families informed while the dispute is being resolved.

APPENDIX A - Annual Notification of Parent/Student Rights, Family Educational Rights and Privacy Act (FERPA), Notice for Directory Information

The Family Educational Rights and Privacy Act (FERPA) affords parents and students over 18 years of age (“eligible students”) certain rights with respect to the student’s education records. They are:

1. The right to inspect and review the student’s education records within 30 days of the day Resilience Charter School (RCS) receives a request for access. Parents of eligible students should submit to the Instructional Director a written request that identifies the record(s) they wish to inspect. Arrangements will be made for access and the parent or eligible student will be notified of the time and place where the records may be inspected.
2. The right to request the amendment of the student’s education records that the parent or eligible student believes is inaccurate, misleading, or otherwise in violation of the student’s privacy rights under FERPA. Parents or eligible students may ask RCS to amend a record that they believe is inaccurate, misleading, or otherwise in violation of the student’s privacy rights under FERPA by submitting a request, in writing, to the Director. The written request must clearly identify the part of the record they want changed, and specify why it is inaccurate, misleading, or a violation of the student’s privacy rights under FERPA. If RCS decides not to amend the record as requested by the parent or eligible student, RCS will notify the parent or eligible student of the decision and advise them of their right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the parent or eligible student when notified of the right to a hearing.
3. The right to consent to disclosures of personally identifiable information contained in the student’s education records, except to the extent that FERPA authorizes disclosure without consent.
 - a. One exception, which permits disclosure without consent, is disclosure to school officials with legitimate educational interests, the Alachua School District and law enforcement and child welfare agencies. A school official is a person employed by RCS as an administrator, supervisor, instructor, or support staff member (including health or medical staff and law enforcement unit personnel); a person or company with whom RCS has contracted to perform a special task (such as an attorney, auditor, medical consultant, or therapist); or a parent or student serving on an official committee, such as a disciplinary or grievance committee, or assisting another school official in performing his or her tasks. A school official has a legitimate educational interest if the official needs to review an education record in order to fulfill his or her professional responsibility.
 - b. Provisions of the No Child Left Behind Act and FERPA require school districts to release certain directory information of 11th and 12th grade high school students to military recruiters without a parent’s prior consent. Directory information includes student names, addresses, and telephone listings. Under these Federal laws, parents who do not want directory information released without their permission must provide written notification to the school within 30 days of the start of school.
 - c. Upon request, RCS discloses education records without consent to officials of another school in which a student seeks or intends to enroll.
 - d. The following is designated directory information: student’s name; parent’s/guardian’s name; address; telephone listing; student electronic mail address; parent’s/guardian’s electronic mail address; student photograph; date and place of birth; major field of study; grade level; enrollment status; dates of attendance; participation in officially recognized activities and sports; weight and height of members of athletic teams; degrees, honors, and awards received; most recent educational agency or institution attended. Examples include but are not limited to a play bill showing your child’s role in a production; the yearbook; the honor roll or recognition lists; graduation programs; sports activity sheets (e.g. football game program showing weight/height of team members); photographs and videotapes or digital recordings.

- e. Parents and students have the right to refuse to permit the designation of any directory information. A parent or student who chooses to have any or all directory information not disclosed must file an annual written notification at the school's office within thirty (30) calendar days after the beginning of school or within thirty (30) calendar days after admission, whichever is last.
- 4. A parent or eligible student has the right to file a written complaint with the Family Policy Compliance Office (U.S. Department of Education, 400 Maryland Avenue SW, Washington, DC 20202-5920) if it is believed that a violation of the act has occurred.

These laws are Section 9528 of the ESEA (20 U.S.C. 7908), as amended by the No Child Left Behind Act of 2001 (P.L. 107-110), the education bill; and 10 U.S.C. 503, as amended by section 544, the National Defense Authorization Act for Fiscal Year 2002 (P.L.) 107-107, the legislation that provides funding for the nation's armed forces.

APPENDIX B - Walking Field Trips, Art Waiver, Photo Release

Walking Field-trips

We are fortunate enough to have the Alachua County Library Extension Branch next door to campus. It is an excellent resource for students doing research and obtaining books for silent-sustained reading. Faculty also sometimes take students on walking field trips in the vicinity of school campus for other educational purposes.

I give permission for my child to participate in walking field trips with staff members in the vicinity of Resilience Charter School campus throughout the 2021-22 school year, during school hours.

Controversial Subjects Waiver

When we study art and art history or women's studies, it is not always possible to avoid nudes and other artistic depictions or discussions of controversial matter that some may find objectionable. Although we will not seek out art containing nudes for class lessons, neither will we censor art or controversial subject matter that is deemed necessary in the pursuit of course learning objectives. It is likely that students will occasionally see and hear such depictions during films and/or classroom discussions, in books, and/or on field trips.

I give permission for my child to participate in activities and coursework that may contain artwork as described above.

The school will also be utilizing web services to share media and promote the school. We may, on occasion use photographs, videos and other materials to help promote our school in a professional way. By signing the release below, you give the school permission to use these images and student work to promote our school. APPENDIX C - Student Health Services

CONSENT FOR SERVICES AND TREATMENT

I hereby give consent for my child to receive first aid and emergency care and treatment at school if needed. In the event of an illness or injury, the school will contact the parents and/or emergency contacts as listed for the student. In the event of a serious illness or injury requiring immediate medical treatment, I hereby request designated school personnel to call EMS/911 for transport to the hospital designated below, and consent to have the named hospitals, doctors, or emergency agencies bill me for the expense incurred. In the event of an illness or injury where immediate medical treatment is NOT indicated, but where my child is unable to remain in school, I agree to arrange for my child to be picked up from school within 30 minutes of being contacted. If I am unable to be reached, I hereby consent for the school to contact my listed emergency contacts to arrange for pick-up of my child.

MEDICATION ADMINISTRATION

All student medications must be administered by authorized school personnel. I agree to complete a medication authorization form and confer with the school about any prescription medications and doses that need to be administered to the student during the school day. Students are not permitted to take any medications on their own (either prescription or non-prescription) without an authorization form. It is the responsibility of the parent to provide all prescription and over the counter medication that they wish to be administered and complete the required authorization forms. I understand that all medication must be provided in its original unopened packaging, or in its original prescription bottle with label. It is the student's responsibility to come to the Associate Director's office for their scheduled doses. The Associate Director's office also offers the following topical agents: Anti-Itch cream (Calamine), Triple Antibiotic Ointments, burn relief spray, and first aid cleansers. I hereby request and give permission to the school nurse or other authorized school personnel to administer medication(s) to my child as indicated in this document.
